

## STRATEGIC ALLIANCE FOR VETERAN INTEGRATION

SAVI is getting Veterans the benefits they deserve. With more than 21 million military Veterans served by only 56 regional VA offices, there is a major lack of support for many Veterans and their families across the country. We're here to fix this.

SAVI provides VA benefits education and custom programs to Veterans through our four tracks of transition:

**Education. Employment.  
Entrepreneurship. Retirement.**

SAVI is here to help you and your organization be more effective in supporting Veterans.

We do this in part through our proprietary certification process that recognizes Veterans service providers nationwide. Displaying a SAVI badge symbolizes your exceptional customer service and proven ability to deliver results. SAVI's Veteran Benefits Representative (VBR) Certification program also helps train and increase the efficiency for you, your providers, and other Veteran-facing staffers.

For employers seeking to better recruit, retain, and engage Veteran workers — including those committed to hiring more Veterans — SAVI offers customized programming and consulting at the leadership and team level, delivering valuable insights into the military culture.
