

ABOUT US

The Strategic Alliance for Veteran Integration (SAVI) is a national nonprofit organization dedicated to providing knowledge and resources to military Veterans transitioning into civilian life and the organizations that support them.

Founded in 2017 by a passionate military Veteran who has been through it all, SAVI believes in taking a whole-person approach to this transition.

Our first-of-its-kind support system leans into both the latest best practices in business and our own customized programs that focus on the unique needs of the transitioning service-member. With a 360-degree understanding of these needs, we strive to make true for each Veteran the words in our tagline: Your whole life transition starts here.
